NOTE: EXAMINER PLEASE READ CAREFULLY

The purpose of this examination is to record manifestations and findings pertinent to the question of whether the claimant is housebound (confined to the home or immediate premises) or in need of the regular aid and attendance of another person. The report should be in sufficient detail for the VA decision makers to determine the extent that disease or injury produces physical or mental impairment, that loss of coordination or enfeeblement affects the ability: to dress and undress; to feed him/herself; to attend to the wants of nature; or keep him/herself ordinarily clean and presentable. Findings should be recorded to show whether the claimant is blind or bedridden. Whether the claimant seeks housebound or aid and attendance benefits, the report should reflect how well he/she ambulates, where he/she goes, and what he/she is able to do during a typical day.
